

# Jordan Tanaliga

Front – End Developer | ReactJS

09690243354

jordantanaliga@gmail.com

Accomplished Bachelor of Science in Information Technology with expertise in different tools and technologies when it comes to web development particularly front-end development. I highly recommend myself to develop single page application because it's easy to manage and maintain.

Passion driven and loves to learn new things...

## Education

### Bachelor of Science in Information Tech
